

## Part 1: Model Answer

### Do you like to wear perfume?

Perfume? No, not really. To be honest, I don't even really like to use **deodorant** - I just prefer to shower regularly so that I don't have **B.O.** I'll sometimes wear **deodorant** or **cologne** if I'm going on a date or a night out. But in general, I just prefer my natural smell.

## Useful language

### Cologne

Lighter smell than perfume (marketed at men).

*"I don't tend to wear perfume, but sometimes I'll wear **cologne** on special occasions."*

### Deodorant

Used to mask body odour.

*"I usually wear **deodorant** more than perfume."*

### B.O.

An abbreviation for body odour.

*"I always wear perfume. I think it's really unattractive when people have bad **B.O.**"*

### Subtle

Not immediately obvious.

*"I prefer perfumes with a **subtle** scent rather than something too strong."*

### It depends on the occasion

There are specific times when you wear perfume.

*"I do enjoy wearing perfume, but **it depends on the occasion**. For instance, I'm more likely to wear it to formal events."*

### Woody/floral/citrusy

Different scents.

*"I like to wear perfumes with a **woody** or **citrusy** fragrance."*

### Boosts my mood

Makes me feel happy.

*"Wearing perfume **boosts my mood** and makes me feel more positive."*

### Feel more attractive

A boost in self perception.

*"I **feel more attractive** when I'm wearing perfume."*

## Useful language

### Overwhelming

Very strong.

*"I find some perfumes **overwhelming**, so I prefer not to wear them."*

### Artificial

Made by humans rather than being natural.

*"I'm not a fan of perfumes as they can sometimes smell too **artificial**."*

### Allergic

A damaging immune response.

*"I don't wear perfume because I'm **allergic** to a lot of the chemicals that they put in them."*

### Nauseating

Too strong a smell that it makes you feel sick.

*"To be honest, I find many perfumes **nauseating**."*
