

Part 1: Model Answer

What do you like to do in your spare time?

Well, my favourite thing to do in my free time is to go indoor climbing. I go climbing at least three times a week, and I've been rather obsessed with it for the last decade. One of the reasons I like climbing so much is that it's good for your body and mind, but it's also fun and sociable at the same time. I've met a lot of my best friends through climbing.
